Re: Withdrawal of Large Mining Permit Application, Mine Design #2, M/023/074, Juab County, Utah

On June 11, 2001, we received a copy of your large mining notice forwarded to us by the Bureau of Land Management (BLM). On June 12, 2001 we sent you a letter stating we would not review the notice until we had received your permit fee for the proposed application.

In our telephone conversation on June 28, 2001, you informed me that you were not going to go forward with this project at this time and you wanted your proposed notice withdrawn. We were awaiting notification from the BLM that they have also withdrawn your proposed permit application.

To date we have not heard from the BLM or anything further from you. Because we have not received your permit fee, we will assume you are not going to proceed with the proposed project. We will close file number M/023/074 from our records and withdraw your permit application. If you wish to start any mining in the future, you will need to submit a new notice to the appropriate agency(s), submit the appropriate permit application fee to this Division and receive written acceptance from the agency(s) prior to creating any mining related disturbance.

If you have any concerns or questions regarding this letter, please contact me at (801) 538-5321.

Sincerely,

A handwritten signature in black ink that reads "Tom Munson".

Tom Munson
Senior Reclamation Specialist
